INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with 37 C.F.R. 1.98, I am submitting a completed "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" (*Form PTO/SB/08A*) with patents and/or publications as delineated therein attached.

DE 196 47 039 discloses a brewing head (4) which heats the water and is guided up and down in guide columns (5) in a housing (11). A holder (10) for the ground coffee can be moved horizontally from the brewing position underneath the brewing head into a filling position when the brewing head is moved upwards. The ground coffee holder is a filter pan for a filter or filter bag for the pressureless production of the filter coffee. A screen holder (12) for ground espresso coffee can be placed in the filter bag to produce espresso coffee under pressure.

If no translation of pertinent portions of any foreign language patents or publications mentioned within the "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" is included with the aforementioned copies of those applications, patents and/or publications, it is because no existing translation is readily available to the Applicants. As per the Notice in 1273 OG 55 (August 5, 2003) no copies of any above-mentioned US patents and US patent application publications are submitted for this application which was filed after June 30, 2003.

Respectfully submitted
